Experience: Minimum two years' experience with over-the-road driving experience

Credentials: Class 1 drivers License with a clean drivers abstract

Main duties/Specific skills:

We are seeking professional company drivers who want to become part of the Len Dubois team who are committed to safety and compliance, quality customer service, and strong work ethic.

What We Offer Our Fleet

Our commitment to our drivers goes beyond the pay scale. Working with our drivers, providing them with the tools to get the job done as safely and professionally as possible, supplying late model, well-maintained tractor units and trailers, staffing the office with competent managers who are not only there to do a job, but understand what the job is because they have been over-the-road drivers, or come from trucking families themselves are all part of what make Len Dubois Trucking a great place for long-term career goals.

With the introduction of ELD's last year, the industry is changing, and so are we! With our new 90% single load policy, driving with Len Dubois Trucking has never been better. Our owner operators and company drivers have been earning higher than the industry average for years, but with a new policy on freight, and less multi load runs, our drivers will be earning even more and working smarter, not harder.

Our experienced team in operations and dispatch has spent over 30 years building relationships with many regular, satisfied clients. This has led to regular outbound and inbound freight to keep our fleet moving and average of 11,000 miles per month while still being able to enjoy regular home-time with friends and family.
