

Indigenous Summer Student Program

The Winnipeg Regional Health Authority (WRHA) - Indigenous Health is offering summer student employment in various sites across the Region. The positions are open to First Nations, Inuit, and Red River Metis students residing in Winnipeg who are current and returning secondary or post-secondary students.

This opportunity offers students employment for the summer that includes full time work experience, professional development, and cultural educational experiences.

Student Requirements

The Indigenous Health Summer Student program is a supportive and developmental program, and we ask that students come with a few tools of their own:

- Positive interpersonal skills
- Ability to communicate in a positive manner
- Willingness to learn and try new tasks

Placements

We offer a valuable work experience that will benefit both the students and the host work areas; placements are based on matching the hosts site needs with the student's interests, career, and education goals. Placements can include:

- Cardiac Sciences
- Indigenous Health
- Social Services
- Volunteer Services
- Public Health
- Mental Health
- Physiotherapy
- Medical Records
- Community Health
